

LION
MINERS

**EXCEPTIONAL
CRYPTOCURRENCY MINING
WITHOUT WORRIES**

www.lionminers.com

Own specially adapted and verified machines for cryptocurrency mining with the highest performance and our **all inclusive assistance**.

We will take care of...

- Purchase of mining machines
- Placement of machines in data centres
- Security, monitoring, service and 24/7 support

Individual assembly of mining portfolio

Regular **payouts** to your wallet

High **standard** mining conditions

24/7 **assistance** support

WE ARE YOUR IDEAL PARTNER FOR CRYPTOCURRENCY MINING

QUALITY

Your purchased mining machines are stored in specially modified containers with intelligent elements and modules designed exclusively for cryptocurrency mining. All of this ensures higher security, efficiency, and the lifetime of the machines.

PROFITABILITY

Up to 20 % greater performance of the mining machine thanks to modern type of cooling. Your machine is immersed in a special oil, i.e. immersion cooling, so it can run at 120% without affecting its lifetime, 24 hours a days, 7 days a week.

EL. ENERGY

Your machines are stored in secure and strategically advantageous locations. Thanks to this, we are able to offer one of the lowest electricity prices (\$0.055 per 1 kWh).

SUPPORT

We will provide you with complete support from the purchase of machines, installation, operation with a 95% uptime guarantee, monitoring, to necessary updates and service requests. With us, cryptocurrency mining is completely carry-free.

MAKE MONEY ON CRYPTOCURRENCIES 24/7

WITHOUT LIFTING A FINGER

HOW CAN I ACHIEVE THAT?

→ Invest in the
purchase of the
machine

+ You are not
doing anything

+ You don't have to

anything

₿ You earn
every day.

SPECIALIZED CONTAINERS THE IDEAL SPACE FOR YOUR **MINING EQUIPMENT**

Intelligent elements and modules ensure exceptional quality of the mining process.

Liquid-based oil cooling for higher efficiency and machine lifespan.

Security, maintenance, service, monitoring, and customer support 24/7.

MODERN COOLING FOR GREATER EFFICIENCY

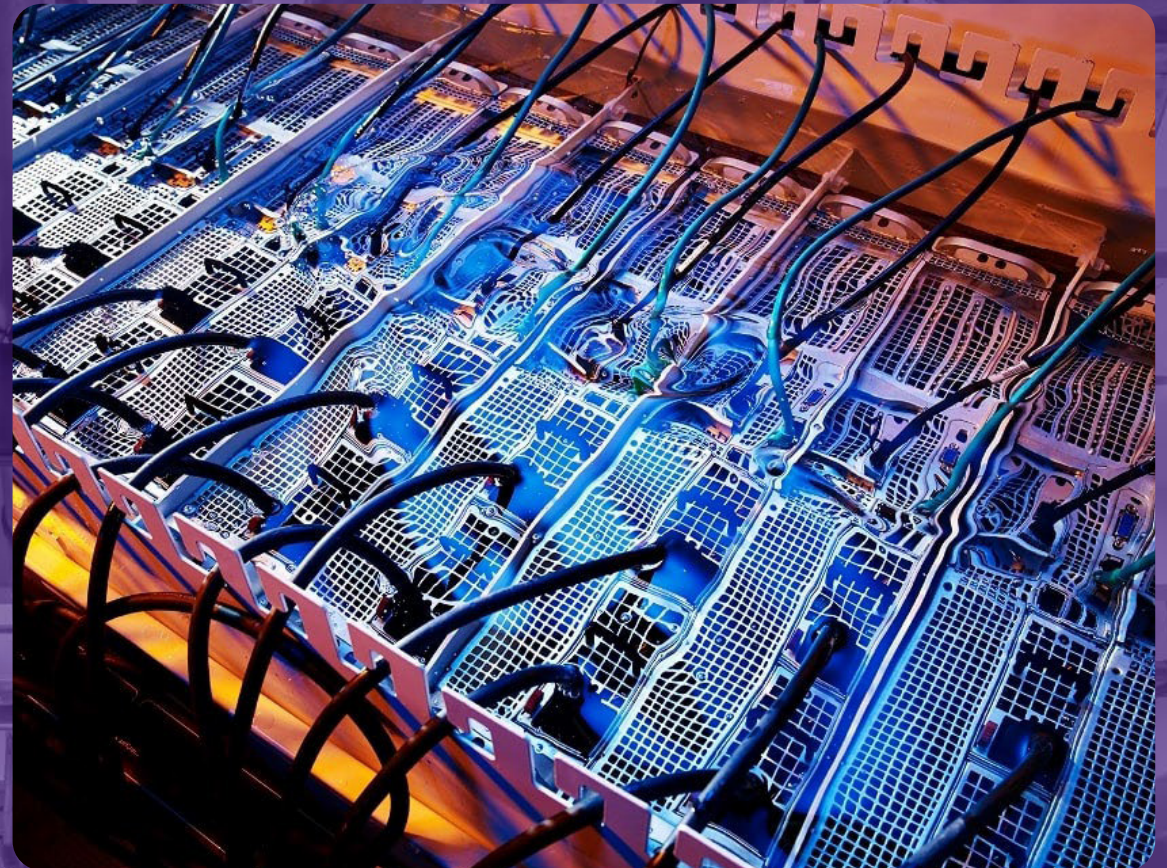

IMMERSION COOLING

Mining equipment is immersed in a special oil-based fluid. The generated heat is absorbed by the fluid and then transferred to a cooling tower, where it cools down before returning to the location of the mining machines.

Up to 20% higher performance of mining machines.

Significantly lower machine failure rate compared to conventional air cooling.

Extended machine lifespan (the expected lifetime is 8 years).

INVESTMENTS, THAT EARN YOU MONEY EVERY SECOND

MICROBT WhatsMiner M66

Start of mining: **2 - 6 weeks**
 Basic hashrate: **276 Th/s**
 Inflated hashrate: **~ 330 Th/s**
 Estimated lifetime gross profit: **up to \$260 000**

The estimated gross profit is indicative and Lionminers does not guarantee these figures. Gross profit is affected by many factors. You can check actual profitability on third party websites.

Price of the machine Price of accessories

\$7 260 **\$5 440**

Total price

\$12 700

+ \$3 537 electricity / year (\$0,055 kWh)

MICROBT WhatsMiner M66

 Cryptocurrency mining Bitcoin (BTC)	 Performance boost (overclocking) YES (~ 20%)	 Cooling Immersion (oil)
manufacturer MicroBT	Algorithm SHA-256	Introduction 11/23
Expected lifetime 8 years	Consumption without overclock 5492.40 W	Consumption with overclock ~ 7 000 W
Weight 16 kg	Dimension 267.5 x 147 x 401	Interface Ethernet
