# We are your ideal **PARTNER** for Bitcoin mining

## QUALITY

Your purchased mining machines are stored in specially designed containers with intelligent features and modules dedicated solely to Bitcoin mining. This ensures higher security, efficiency, and lifespan of the machines.

## PROFITABILITY

Up to 20% higher performance of the mining machine due to modern cooling technology. Your machine is immersed in a special oil, known as immersion cooling, allowing it to operate at 120% without negatively impacting its lifespan. Maximize your Bitcoin mining profits.

## EL. ENERGY

Your machines are stored in the United Arab Emirates. Thanks to our strategic location and long-term excellent contacts, we offer one of the lowest electricity prices for Bitcoin mining (0.055 USD per 1 kWh).

## CUSTOMER CARE

We provide complete support for you, from purchasing machines, installation, and operation with a guaranteed 95% uptime, to monitoring, necessary updates, and service requirements. You don't have to worry about anything. With us, Bitcoin mining is entirely worry-free.
